# ABOUT LABTECH INNOVATIONS<sup>TM</sup>

---

## DREAM IT, BELIEVE IT, ACHIEVE IT, WE WILL LEAD TOWARDS INNOVATION

Labtech Innovations provide educational research consultancy services. It is a venture of Labtech Innovation Educational Research and Welfare Foundation. Labtech Innovations is one of India's foremost and fast-growing professional associations for research, publication and conferences.

Its main aim is to bring a rapid technical revolution and sustainable development in educational research and research consultancy services. Labtech Innovations believe in the philosophy of perfection in their service that satisfies the client's expectation and needs through the expertise of our professionals in every domain.

## LABTECH INNOVATIONS PRESENTS LABTECH EVENTS

---

Labtech Events specialize in organizing events and conferences that elevate the knowledge of attendees, spark inspiration, and connect them with like-minded individuals.

Our commitment to your growth is evident in the meticulously curated schedule we have created on our portal. The insights shared by research scholars at the conference will serve as a foundation for the attendees' research aspirations.

# ABOUT CONFERENCE

---

We at Labtech Innovations are extremely happy to organize an International Conference on “Interdisciplinary Research in Science, Engineering, and Technology” on 3rd and 4th of Aug, 2024, at Pune, India.

The conference provides a standard forum for research scholars, delegates, professors, and students. It is an excellent platform to showcase their innovative ideas, research findings. This conference provides an opportunity to interact and share the experiences of experts’ knowledge.

# VENUE

Pune is the second largest city in the state of Maharashtra. Pune city stands bordered by the ranges of the Sahyadri Mountain. The moderate weather as well as the rich flora and fauna of the city make it an ideal travel destination. It has been known by a plethora of sobriquets. Popular among them: 'Queen of the Deccan', 'Cultural capital of Maharashtra', and 'Oxford of the East'. It is also among the greenest urban areas in the country with more than 40 per cent of its area under green cover.

Pune is the ninth populous city of the India and one of the top 10 "Most Developed Cities" in India by GDP 2016 and one of the fastest developing cities in the Asia Pacific region. It has a very strong presence in the automobile sector and is on its way to consolidate its position as the 'Detroit of India' too. Once referred as 'Pensioner's Paradise' it is now home to many software and IT companies.

In Pune, the past meets the present. It is one of those rare cities with a twin image: that of a tradition-bound place - generally considered the quintessence of Maharashtrian culture - and that of a modern industrial metropolis.

# HOW TO REACH

# PUNE, INDIA

## BY ROAD

For those travelling from neighboring Maharashtra cities like Nagpur, Nashik, Aurangabad, Lonavala, Khandala, Matheran and Shirdi, buses are available in each of the intercity bus terminus in frequent intervals.

## BY TRAIN

Pune is one of the most important railway junctions in the Indian railway. The city is well connected with other Indian cities and Pune railway station is the halting point of regular trains. The main rail junctions are Pune Junction, Khadki (KK), Shivajinagar (SVJR), Dapodi (DAPD), Ghorpuri (GPR), and Hadapsar (HDP).

## BY AIR

For those who fly from other cities to Pune, the Pune airport in Lohegaon is about 10 kilometers into the outskirts of the main city. Taxis and buses are available throughout to cater to transportation services.
